

## **PAYMENT INFORMATION via ACH Debit**

**Required:** Once we have plugged in your information, you will see two small micro deposits pop up in your checking account within 48 hours. We will need those two small deposit amounts in order to verify your account. For example it will be .04 and .63. Those deposits will disappear after 5 days so you will need to be on the look out for them otherwise we will not be able to confirm your account. Please email those two micro deposit amounts to [Aaron@spiderdoor.com](mailto:Aaron@spiderdoor.com) once you see them appear in your checking account statement.

**NOTE:** If micro deposits provided are incorrect, it will fail and it is very difficult, almost impossible to reset due to regulations required by STRIPE, our processing company! You may be required to use another form of payment if this occurs.
